### **AIMS AND PURPOSES**

The aim of NESDA shall be to educate and create a better understanding and bond between individuals engaged in the steel fabrication industry. It is the intention of this organization to establish, maintain and uphold proper standards for the steel detailer in their capacity as an individual workman and in their relations to other members of the construction industry. This organization is dedicated to the principle that the steel detailer is a professional, who by virtue of their education, training and experience, is a vital part of the construction industry and that their importance to the industry must be recognized.

### **HISTORY**

NESDA was formed in March of 1992 by nine independent detailers.

During our quarterly meetings it is our practice to inform and educate our members in:

- Business Practices
- Quality Control Methods
- Improving Communications
- Detailing Software
- Detailing Practices
- AISC updates
- Current industry methods and materials

Membership has grown to approximately 60 individuals, and in 2008 new membership classifications were established. They are as follows along with the membership costs:

<b><u>Please Check Membership Category</u></b>	<b><u>Dues</u></b>	<b><u>Voting Rights</u></b>
